We're Covered
So You're Covered...

Here is why we participate in theONE Professional Liability Insurance Program . . .

theONE Type of Coverage

There is only one type of insurance that covers financial damages resulting from accident or negligence on the part of information destruction services. It is called Professional Liability Insurance. It is also often referred to as Errors and Omissions Insurance or Malpractice Insurance.

theONE Coverage Plan . . .

We have theOne Professional Liability Insurance because it is the only insurance specifically crafted for information destruction service providers.

This unique policy covers claims resulting from the misuse or mishandling of your records or documents, which may lead to violations of laws and regulations*, privacy rights violations* and transfer of intellectual property*. Any of these could be damaging to your business, but would NOT be insured without the proper professional liability policy in place. In addition, and most importantly, this policy provides indemnification for damages resulting from intentional acts of a shredding contractor's employees* and coverage for negotiable instruments*.

***OTHER PROFESSIONAL LIABILITY PROGRAMS MAY EXCLUDE THESE IMPORTANT COVERAGES.**

The fact is these common exclusions represent the most likely events that would result in financial damages to clients of document destruction service providers.

NEVER SAY NEVER . . .

REST ASSURED, we do everything we can to make sure that you will never need to draw upon our Professional Liability Insurance coverage. Our reputation, and the future of our business, depends on that confidence. In fact, we could not qualify for this type of coverage if we did not have the appropriate risk management measures in place.

By its very nature, insurance is something you have, which you do everything you can to make sure you never use. Still, you have it and you require it . . . because it is the responsible thing to do.

We simply will not provide you with a service as sensitive and important as protecting your vital information without having theONE insurance to stand behind us and to protect you.

Why do we have theONE Professional Liability Insurance?

Because it is ONE MORE thing we can do to protect our clients.
